About Lenge Design Studio

"Purposeful design with elegance, chic style, and organic elements."

Welcome to Lenge Design Studio, where each space is thoughtfully crafted to reflect your story, lifestyle, and vision. I'm a freelance interior designer with a passion for creating environments that balance functionality and beauty, using elegant, chic, and organic elements.

From cozy homes to stylish cafés and retail spaces, my work is rooted in purpose — transforming ordinary rooms into meaningful spaces that inspire comfort, creativity, and connection.

With expertise in 2D floor planning, 3D visualization, and full interior design services for both residential and commercial projects, I bring every detail together with care and intention.

Let's create a space that feels like you — refined, warm, and uniquely yours.

PROJECT1

MASTER BEDROOM

INTERIOR
DESIGN

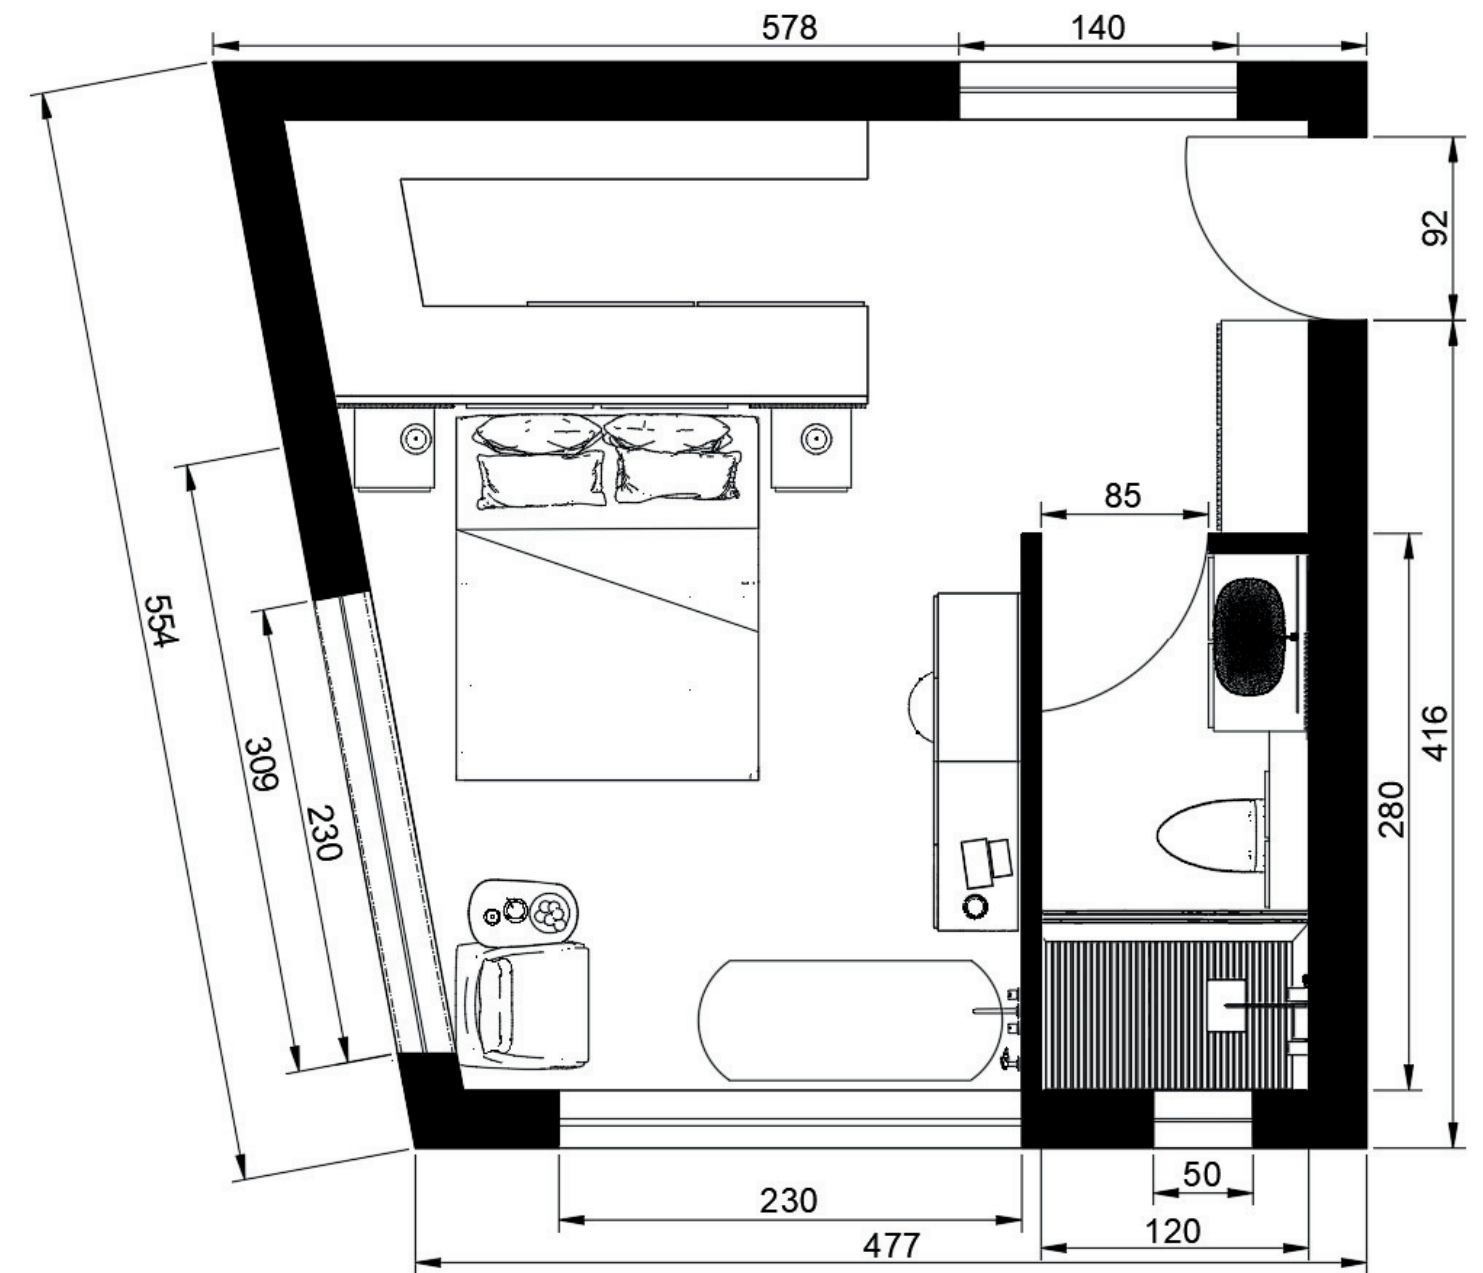

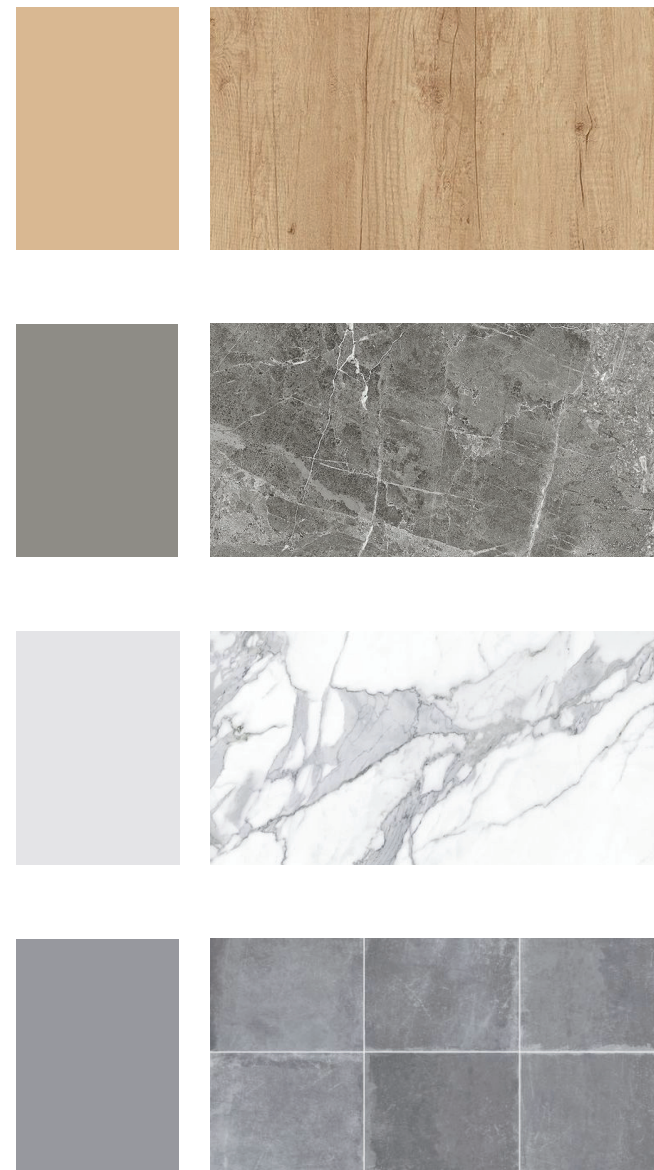

FLOOR PLAN

The master bedroom features a central bed with a plush headboard, a walk-in closet behind it, and a Benoir in front. A white makeup table with a floor-to-ceiling mirror is placed next to the Benoir. A cozy chair and coffee table sit in the corner, and a modern wardrobe is located near the entrance. The room's color palette combines white, wood, and grey, creating a serene, functional, and elegant space.

INTERIOR DESIGN

MASTERBEDROOM

PROJECT 1

This master bedroom is a harmonious blend of luxury, functionality, and comfort, designed to offer a peaceful retreat.

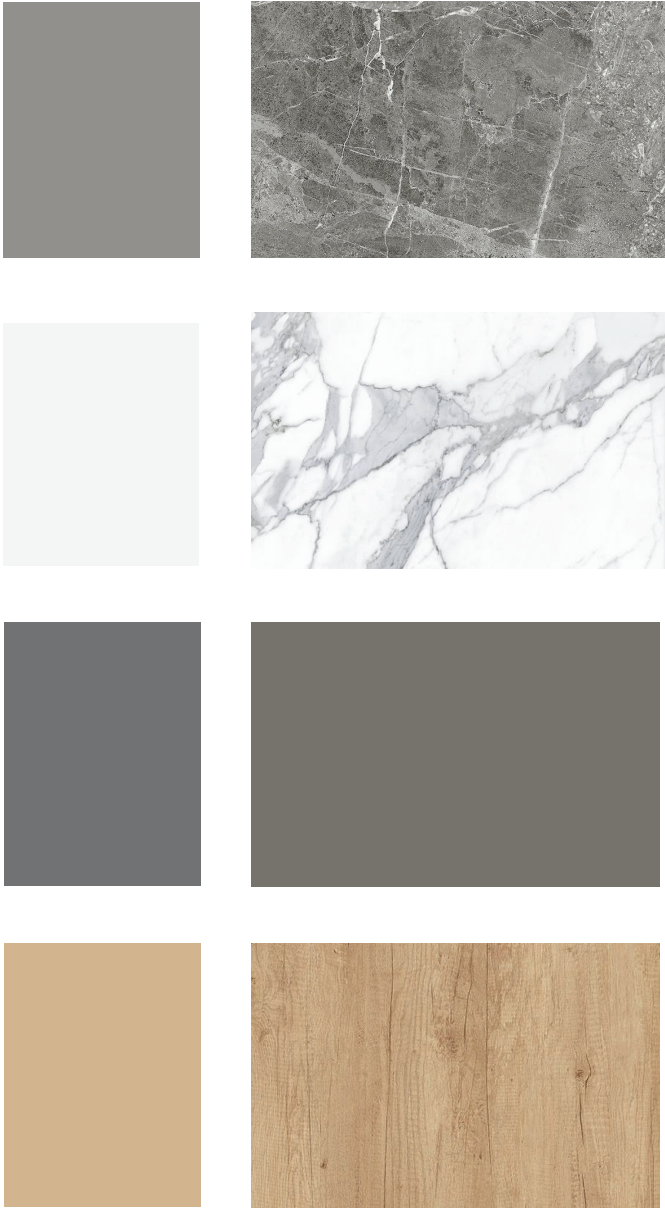

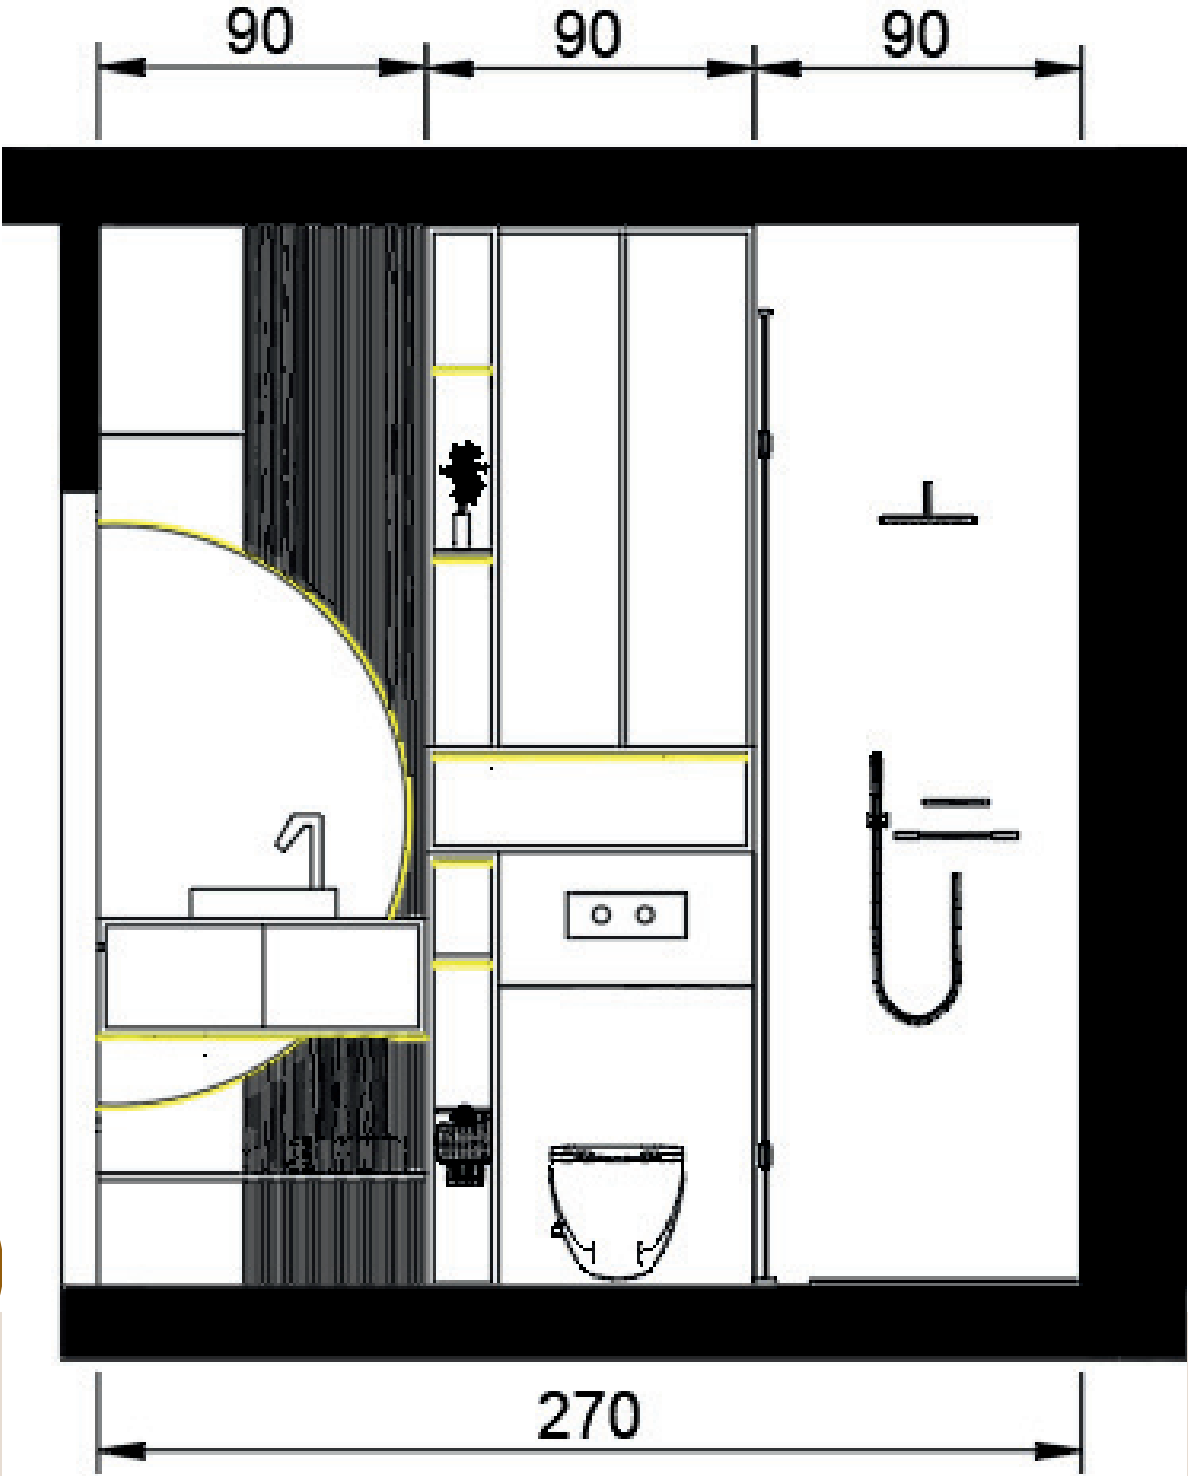

INTERIOR DESIGN

BEDROOM

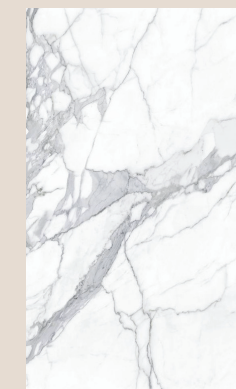

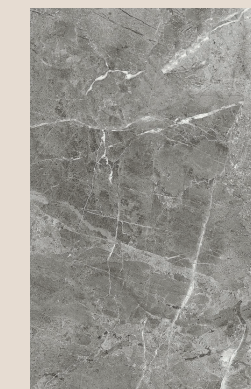

BATHROOM

INTERIOR
DESIGN

The bathroom features a sleek floor-to-ceiling design with a modern touch. A large mirror with integrated lighting illuminates the space, providing both function and ambiance. The vanity cabinet is a blend of grey and brown wood, offering a stylish yet practical storage solution. The overall design combines contemporary elegance with warmth, creating a welcoming and functional bathroom environment.

PROJECT 2

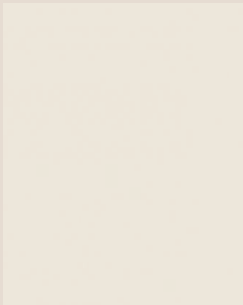

KITCHEN and LIVINGROOM

INTERIOR
DESIGN

For this project, I was tasked with designing a cohesive kitchen and small living room space that seamlessly balances both warm and cool color tones. The objective was to create a harmonious environment that feels inviting yet modern, blending the comfort of warm hues with the sleekness of cool shades.

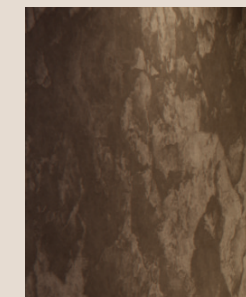

In the kitchen, I introduced warm wood textures, incorporating rich, natural tones in the cabinetry and countertops. These elements bring a sense of warmth and coziness, while the sleek cool gray backsplash and stainless-steel appliances offer a refined, modern contrast. The lighting features play a crucial role, with soft, ambient lighting enhancing the warm undertones, while cooler task lighting provides functionality.

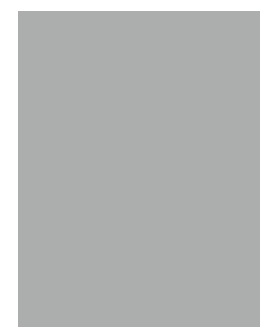

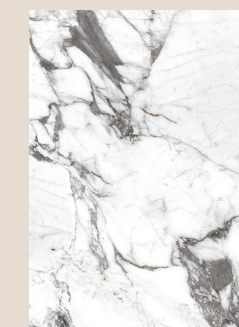

The small living room extends the color harmony, with a neutral gray sofa complemented by warm accent cushions in earthy tones like terracotta and mustard. A subtle area rug ties the room together, featuring a balance of both cool and warm colors, ensuring continuity throughout the open space.

For the bathroom design centers around the timeless elegance of white marble with subtle touches of gray to create a sophisticated, spa-like atmosphere. The walls and flooring are clad in pristine white marble with delicate gray veining, which creates a seamless and polished look. For the lighting, soft, diffused light sources highlight the natural beauty of the marble, creating a tranquil ambiance

HOTEL

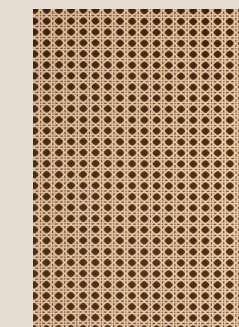

PROJECT3

Azure Nest is a tranquil and cozy hotel inspired by Mediterranean and boho styles, offering a peaceful haven for guests. Each room features walls with arch-shaped frames, softly lit from within, creating a serene atmosphere. The furniture includes rattan wardrobes and cabinets, paired with wooden beds, adding warmth and a natural touch to the decor. The ceiling is equipped with air conditioning, ensuring a comfortable environment in every season. The combination of soft, soothing colors with carefully chosen design elements provides guests with a relaxing and chic getaway.

INTERIOR DESIGN

HOTEL ROOM 1

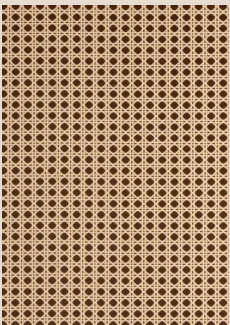

PROJECT3

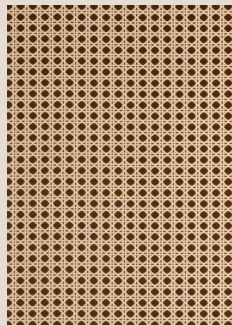

In the family suite, two beds are designed for comfort and convenience, while maintaining a tranquil, cozy atmosphere. The natural warmth of the space is enhanced by soothing colors and carefully selected design elements. Equipped with ceiling air conditioning, the suite ensures a comfortable stay year-round, offering a relaxing and stylish retreat for families seeking a peaceful escape.

KITCHEN

This project focuses on blending functionality and style in a cohesive kitchen, living room, and storage area. A mix of granite, natural wood, and soft gray velvet creates a modern yet warm atmosphere. The minimalist cabinetry and floor-to-ceiling wood shelving provide practical storage while adding warmth and a design statement. Clean lines and natural tones tie the spaces together, balancing textures for a comfortable, multi-functional environment.

PROJECT 4

KITCHEN ISLAND

In the kitchen, granite countertops and a matching island combine elegance and durability, with their rich textures adding luxury to the space. Paired with sleek cabinetry and warm natural wood flooring, the design seamlessly blends sophistication and organic charm, connecting the kitchen to the living area.

PROJECT 5

KIDS ROOM

INTERIOR
DESIGN

For this Boy's room renovation project, the design includes a bunk bed with stairs that double as storage cabinets, providing both functionality and space-saving solutions. The room's color palette will feature blue and white for a clean and calming atmosphere. The walls will be adorned with animal-themed wallpaper, depicting animals in a natural setting, predominantly in shades of blue and white with subtle touches of gold to add a hint of elegance and whimsy.

PROJECT5

The boy's room features a calming, playful theme with soft blues, crisp white accents, and warm wooden flooring for a cozy feel. Soft white ceiling lighting adds a gentle glow, enhancing the serene atmosphere. This blend of colors and materials creates a harmonious space that combines nature-inspired beauty with comfort and style, perfect for relaxation and play.

INTERIOR DESIGN

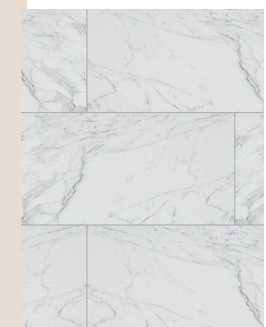

KIDS BOY ROOM

The kitchen features a soothing blue and white color scheme, highlighted by Rosa Porrino Granite countertops that add elegance and durability. A central island, equipped with four comfortable chairs, serves as both a functional workspace and a gathering spot. Above the island, a chandelier with soft orange lighting casts a warm, cozy glow, enhancing the inviting atmosphere of the space. The combination of these elements creates a harmonious and stylish kitchen, perfect for both cooking and casual dining.
